

# ADOPT A PRECINCT

★ *A closer look...*

## RECRUIT volunteers

Your nonprofit recruits volunteers to be poll workers on Election Day. There is no minimum or maximum number of participants. We train your volunteers and assign them to polling places. It's as simple as that!

## EARN funds

You can secure much-needed funds by identifying people who are willing to serve as poll workers and donate their Election Day earnings to your organization.

## SUPPORT the community

Our poll workers (your volunteers) make it possible for voters to participate in our democracy, and help make Hillsborough County the best place in America to vote!

### **Q: What organizations can participate?**

Adopt A Precinct partners must be 501c3 organizations.

### **Q: How much can our organization earn?**

Poll workers earn from \$150 - \$250, depending on the position. For example, 10 poll workers can earn at least \$1,500 for your organization after working just one election.

### **Q: How will we be compensated?**

We send one check (covering the work of all your Adopt A Precinct volunteers) directly to your organization approximately four weeks after Election Day.

### **Q: What training is required to be a poll worker?**

According to state statute, an individual cannot work an election unless they have been trained. We provide training at different locations prior to each election cycle. Training lasts from two to five hours, depending on the position. We'll work with your organization to schedule training for each poll worker you recruit. If you recruit at least 10 for the same poll worker position, we may be able to schedule a training session specifically for your group.

### **Q: Are poll workers paid for attending training?**

The pay rate for each position includes training.

### **Q: If I've already attended training, must I attend again?**

Yes. Florida requires all poll workers to attend training prior to every election.

### **Q: How does an organization sign up?**

Go to the [poll worker](#) section of our website ([VoteHillsborough.org](http://VoteHillsborough.org)) and select **Adopt A Precinct**. Follow the simple instructions to complete the forms found on the Agency Coordinator page.
