Ashley Furniture is moving its administration and tech services to the Centro Ybor complex from its current location in Brandon.

In one month, 30 employees move to Ybor, followed by the rest of the company in 2016.

The process will take place over the next six months, with the goal of creating a more efficient and collaborative environment.

The new office will be located in the historic Ybor City district, allowing Ashley Furniture to be closer to its customers and vendors.

The move is part of the company's strategy to expand its footprint in the Tampa Bay area and to better serve its growing customer base.

Latimer voluntarily sought to have his office examined under a microscope and it not only passed, it shined.
